RE. Application to HPRB (Tracking # 14-129) for construction at 1528 Church St

Dear Chairwoman Pfahler,

At its regular meeting on February 17, 2014, the Dupont Circle Advisory Neighborhood Commission ("ANC 2B" or "Commission") considered the above-referenced matter. With 7 of 9 Commissioners in attendance, a quorum at a duly-noticed public meeting, the Commission approved the following resolution by a vote of (7-0):

Whereas, ANC2B supports the project as presented for 1528 Church St NW that includes a three story addition and a rear attached two-story carriage house like structure;

Whereas, ANC 2B supports the project as the project as proposed will preserve the historical façade and any additions will not be visible from the street. Whereas the project as proposed with a three-story addition and a rear attached two-story carriage house like addition will be consistent with the existing structure and is compatible with the neighboring buildings;

Whereas, ANC 2B supports the plans as presented and is aware that the abutting property to the east which is currently a vacant parking lot and currently makes the property visible from multiple locations in public view, but the abutting property is currently for sale and is subject to development which would make this property no longer visible from secondary view points;

Whereas, ANC 2B supports the design that include the demolition of a previous addition to the home that is not part of the original home as seen from the historic plat and will be replaced with a three-story addition and a rear two-story carriage house like addition;

Whereas, ANC 2B supports the three-story addition and a rear attached two-story carriage house like structure since the addition to the home is in accordance with the Secretary of Interiors guidelines and standards for additions to historic preservation. Whereas, this addition is being developed as a rear attachment and does not degrade the historic nature of the original home.

Whereas, the addition will employ the same brick materials as the existing house and would be compatible with the character of the historic house and other carriage homes in the immediate neighborhood; and

Whereas, ANC 2B supports the presented projects and acknowledges the applicants commitment to improving the neighborhood and their outreach to work with the owners of the parking lots abutting their property to work with rat abatement, improving lighting, whereas the security lighting in place is not sufficient nor functioning. Whereas the applicants will work on their tree box as well as others on their street to foster and sustain new trees.

Therefore be it resolved that ANC2B recommends support of this project.

Commissioners Leo Dwyer (leo.dwyer@dupontcircleanc.net), Will Stephens (will.stephens@dupontcircleanc.net), Abigail Nichols (abigail.nichols@dupontcircleanc.net), and Noah Smith (noah.smith@dupontcircleanc.net) are the Commission's representatives in this matter.

RE: Application to HPRB for construction (Tracking # 14-187) at 15 Dupont Circle
(Patterson Mansion)

Dear Chairwoman Pfahler,

At its regular meeting on February 17, 2014, the Dupont Circle Advisory Neighborhood Commission (“ANC 2B” or “Commission”) considered the above-referenced matter. With 7 of 9 Commissioners in attendance, a quorum at a duly-noticed public meeting, the Commission approved the following resolution by a vote of (7-0):

Whereas, ANC 2B supports the project as presented for 15 Dupont Circle that includes the restoration of the historic residence, 15 Dupont Circle, a structure that is a significant and contributing structure to the historic overlay for Dupont Circle and to Washington, DC;

Whereas, ANC 2B supports the demolition of a noncontributing two-story Annex to the east and supports the replacement of the Annex with an addition that has one below grade level, six full floors, and one partial floor set back from P Street;

Whereas, ANC 2B supports the P Street facade design of the addition;

Whereas, this seven-story addition is respective to the abutting properties proportions, and steps back at the seventh floor,

Whereas, ANC 2B supports this project as the design of the addition is offset an appropriate and significant distance from the historic mansion, permitting the addition will not detract or impose upon the mansion itself

Whereas, the proposed seven-story addition will have a minimal connection to the home, and is designed to reflect the rhythms and similar proportions to the mansion, and the proposed project reads both as a subservient structure to the mansion while being designed to its own accord,

Whereas, ANC 2B supports the design and use of materials for the addition and welcomes the project as an appropriate addition to this historic mansion, and to Dupont Circle;

Whereas, ANC 2B supports the presented project and acknowledges the applicants commitment to working with the residents,

Whereas, ANC 2B supports the presented project and acknowledges the applicants commitment to the exterior restoration of the mansion, and to maintaining and preserving the interior public rooms of the mansion for common space, specifically on the proposed first floor (second floor) where the original dinning room, living room and grand ball room are located, and

Whereas, ANC 2B supports the project as presented and appreciates the incorporation of green space being added to the project in the form of green roofs, and outdoor space provided.

Therefore be it resolved that ANC2B recommends support of this project

RE: Support of Stead Park Toddler Care Program

To Whom It May Concern,

At its regular meeting on February 17, 2014, the Dupont Circle Advisory Neighborhood Commission (“ANC 2B” or “Commission”) considered the above-referenced matter. With 7 of 9 Commissioners in attendance, a quorum at a duly-noticed public meeting, the Commission approved the following resolution by a vote of (7-0)

Whereas ANC 2B recognizes that parents of toddlers in our community struggle to find available and affordable toddler care and education programs near our neighborhood,

Whereas providing affordable toddler options plays an important role in helping to keep families of toddlers in our community,

Whereas the Department of Parks and Recreation (DPR) runs a successful system of toddler programs called the Cooperative Play (CO-OP) program – for children over 18 months of age – and has expressed interest in starting a new program at Stead Park’s recreation center this September;

Whereas over 75 families have submitted their strong interest in enrolling their toddlers at a potential CO-OP program in Stead Park, even though the program will likely only fit about a dozen children,

Be it resolved that ANC 2B recommends DPR start a CO-OP program at Stead Park to benefit our community’s families, and make any necessary improvements to the recreation center to make it more toddler-friendly and to accommodate such a program

RE: Supporting full modernization of Garrison School

At its regular meeting on February 17, 2014, the Dupont Circle Advisory Neighborhood Commission (“ANC 2B” or “Commission”) considered the above-referenced matter. With 7 of 9 Commissioners in attendance, a quorum at a duly-noticed public meeting, the Commission approved the following resolution by a vote of (7-0)

WHEREAS, Garrison Elementary school serves residents of ANC 2B, and DCPS designates a number of families in ANC2B to Garrison as their school of right;

WHEREAS, the Dupont Circle Community along with the Logan Circle Community are working together to make our neighborhoods a place where families want to stay and raise their children, and having a system of high quality, matter-of-right DCPS community schools for all Dupont residents is essential to that goal;

WHEREAS, over the past three years, parents at Garrison have re-established a Parent-Teacher Association (PTA), developed strong partnerships with local community organizations, reached out to prospective parents, and worked directly with DCPS to improve the school;

WHEREAS, the PTA and community have greatly improved maintenance services at the school and groups through constant vigilance, volunteer efforts, and consistent advocacy,

WHEREAS, professional pro bono services and non-DCPS funds have been secured to defray the costs of modernization, and the PTA and community stand ready to further assist;

WHEREAS, DCPS anticipates the neighborhoods served by Garrison will see an increase of 125 elementary students by 2015 and retaining these current and anticipated families is essential to our community;

WHEREAS, the population in the neighborhoods surrounding Garrison (Shaw, Logan Circle, 14th Corridor, U St. corridor) is expected to be one of the densest in the District, recreational areas are scarce, and Garrison with its 3.5 acres of grounds could be greatly alleviate field scarcity and quality of life;

WHEREAS, Garrison has not undergone a single renovation since opening in 1964, and is in desperate need of capital investment, as recognized in the 2010 Master Facilities Plan and the engineering report on which the DME 2013 Public Education Master Facilities Plan is based, including:

“Many interior spaces are in need of renovations”,

“Ceiling finishes are in poor condition, Asbestos tile is present throughout and needs to be removed”;

“Public address and fire alarm systems are antiquated and require replacement”;

[Plumbing] fixtures are outdated and should be replaced;

“Wooden exterior doors need to be replaced and all exterior windows have deteriorated and need to be replaced”;

ADA compliance is “unsatisfactory” and the building “needs numerous upgrades in order to accomplish [compliance]”;

WHEREAS, Garrison has an educational facilities effectiveness (EFEI) score of 36 percent according to the DME 2013 Public Education Master Facilities Plan—one of the lowest in the District,

WHEREAS, the DME 2013 Public Education Master Facilities Plan defines the Shaw/ Logan Circle neighborhood as one of the “areas of greatest need” for strategic capital investment;

WHEREAS, Garrison is one of the only public schools (DCPS or charter) in the Shaw/ Logan Circle neighborhood that has not been partially or fully modernized;

WHEREAS, the DME 2013 Public Education Master Facilities Plan first short term recommendation is to “target capital resources for areas of greatest facility condition and quality need with large school aged populations, but low enrollment”,

WHEREAS, the DME 2013 Public Education Master Facilities Plan first long term recommendation is to “reassess the phased modernization approach” and “fully modernize certain facilities in clusters of greatest need”;

WHEREAS, a phased modernization at Garrison would mean having to choose between an ADA compliant school and classrooms in which children can effectively learn, between a field without sinkholes and a non bunker-like school entrance, between windows that open and asbestos removal,

WHEREAS, the FY2014 Capital Improvement Plan, despite advancing Garrison’s Phase 1 to FY2014, still sees the completion of Garrison’s modernization in 2022—9 years away, and

WHEREAS; capital investment in Garrison has been too often postponed and is long overdue in order to meet population growth in the area and to ensure the diversity, vitality and coherence of the community.

Resolution

Therefore, be it resolved that ANC 2B recommends that the City Council fully fund Garrison’s modernization by allocating \$12 million in Fiscal Year 2015 to allow for a complete, one-time modernization of both the school building and its grounds.

Commissioners Stephanie Maltz (stephanie.maltz@dupontcircleanc.net), Will Stephens (will.stephens@dupontcircleanc.net), and Noah Smith (noah.smith@dupontcircleanc.net) are the Commission’s representatives in this matter.

District Department of Transportation
Terry Bellamy, Director

RE: "Circulator" Bus recommendations

Dear Director Bellamy,

At its regular meeting on February 17, 2014, the Dupont Circle Advisory Neighborhood Commission ("ANC 2B" or "Commission") discussed proposed additional routes for the Circulator bus. With 8 of 9 Commissioners in attendance, a quorum at a duly-noticed public meeting, the Commission approved the following resolution by a vote of (8-0):

Whereas, the National Park Service has announced a pilot program to allow Circulator Buses to transport tourists and others around the Mall and to the National Monuments, with the pilot program to be subsidized in part by revenues from parking meters along the Mall, and

Whereas, the National Park Service has said it would welcome further additions to this program, should it be successful, to tie the Mall with intermodal transit options and other popular destinations in the District, and

Whereas, the western end of the Mall – with the Vietnam Memorial and the Lincoln Memorial – is a "must see" tourist destination and yet is very poorly served by transit, therefore

Be it resolved that ANC 2B supports exploring the idea of creating an Circulator route from the Vietnam Memorial and the Lincoln Memorial to connect to all four Metro lines, connecting with Foggy Bottom, Dupont Circle, U Street, and ending at the Afro-American Civil War Memorial

This line would begin at the Lincoln Memorial, go north on 23rd Street to connect with the Blue and Orange lines and the Foggy Bottom neighborhood at the Foggy Bottom Metro Stop. It would then proceed up New Hampshire Avenue to connect with the Red line and the Dupont Circle neighborhood at Dupont Circle. It would then continue up New Hampshire to 18th Street, and go north on 18th to U Street, where it would head east to connect with the Green line and the African-American Civil War Memorial.

This Circulator route – nicknamed A to B for “Abe’s to Ben’s” – would connect three vibrant, transit-dependent neighborhoods, helping residents get to work, to school, or to shop, while bringing tourists into our neighborhoods to patronize our restaurants and shops, and would provide those tourists with direct connections to four different subway lines.

This new service would benefit residents and tourists alike, while providing benefits for local businesses and additional tax revenues for the District.

Be it further resolved that Dupont Circle ANC 2B expresses its willingness to work cooperatively with other ANC’s, other organizations, government agencies, and individuals to further develop this idea and make it a reality.

Commissioners Mike Silverstein (mike.silverstein@dupontcircleanc.net), Noah Smith (noah.smith@dupontcircleanc.net), and Will Stephens (will.stephens@dupontcircleanc.net) are the Commission’s representatives in this matter.

RE: Application #10126077 for 2 parking spaces for use for valet staging area (6:30pm to 12:00am Thu) Barcode, 1101 17th Street NW

Dear Chairman Marcou,

At its regular meeting on February 17, 2014, the Dupont Circle Advisory Neighborhood Commission ("ANC 2B" or "Commission") considered the above-referenced matter. With 8 of 9 Commissioners in attendance, a quorum at a duly-noticed public meeting, the Commission approved the following resolution by a vote of (8-0).

Whereas, new infrastructure, namely the L Street bike lane, was installed after the current valet parking permit was issued, creating a new obstruction through no fault of the applicant,

Whereas, the current application from BarCode does not accurately reflect the parking situation, i.e., there is no acknowledgement of the new turning lane at the curb and the adjacent bike lane

Whereas, the establishment's existing valet parking arrangements do not reflect the new bike lane, i.e., cars block the turning lane and/or the traffic lane south of the bike lane.

Whereas, there are dangers from pedestrians crossing the bike lane that must be addressed.

Therefore ANC 2B objects to the granting of additional valet parking hours at the existing location and recommends that DDOT require an updated application and review of staging permit to ensure that Barcode's valet parking does not interfere with traffic flow and does not endanger pedestrians and bicycles in the parking lane

Be it further resolved that ANC 2B would provide favorable consideration to staging on 17th Street or the south side of L Street if appropriate arrangements can be made.

Commissioners Abigail Nichols (abigail.nichols@dupontcircleanc.net), Noah Smith (noah.smith@dupontcircleanc.net), and Will Stephens (will.stephens@dupontcircleanc.net) are the Commission's representatives in this matter.

RE: Application #10124629 for 2 parking spaces to use for valet staging area (5.30 p.m to midnight Mon-Sat, 10.30 a.m. to 10.00 p.m. Sun) for Georgia Brown's, 950 15th St., NW

Dear Chairman Marcou,

At its regular meeting on February 17, 2014, the Dupont Circle Advisory Neighborhood Commission ("ANC 2B" or "Commission") considered the above-referenced matter. With 8 of 9 Commissioners in attendance, a quorum at a duly-noticed public meeting, the Commission approved the following resolution by a vote of (8-0):

Whereas this is actually a renewal of an expired longstanding permit,

Whereas, traffic is sufficiently light that ANC 2B does not have concerns about blocking the rush hour driving lane between 5:30pm and 6:30pm;

Whereas evidence from DDOT indicates that there have not been problems caused by pedestrians crossing the bike lane from cars in the valet staging area;

Therefore ANC 2B supports the application as proposed.

Commissioners Noah Smith (noah.smith@dupontcircleanc.net), Will Stephens (will.stephens@dupontcircleanc.net) and Abigail Nichols (abigail.nichols@dupontcircleanc.net) are the Commission's representatives in this matter.

ON BEHALF OF THE COMMISSION

Sincerely,

A handwritten signature in black ink that reads "William F. Stephens". The signature is written in a cursive style with a horizontal line extending from the end of the name.

RE. Resolution on improvements to 16th Street bus corridor

Dear Director Bellamy,

At its regular meeting on February 17, 2014, the Dupont Circle Advisory Neighborhood Commission (“ANC 2B” or “Commission”) considered improvements to 16th Street bus corridor. With 7 of 9 Commissioners in attendance, a quorum at a duly-noticed public meeting, the Commission approved the following resolution by a vote of (6-0-1)

WHEREAS the Dupont Circle Advisory Neighborhood Commission (ANC 2B) has received many comments from residents expressing concerns about the 16th Street NW bus lines (S1, S2, S4, S9), which have the most riders of any route in the District and region at more than 21,000 weekday riders;

WHEREAS the number of weekday bus riders has increased by 25% over five years and today buses carry more than half of all travelers in the corridor during rush hour.

WHEREAS most resident comments express concern about overcrowding and delayed commutes during peak periods;

WHEREAS WMATA and D.C. Department of Transportation (DDOT) conducted a comprehensive evaluation of improvements summarized in the Metrobus 16th Street NW Line Study published in 2009;

WHEREAS WMATA has implemented some of the study's recommendations, most notably the S9 limited-stop service in 2010, a short-turn peak-hour service after ANC 2B's urging in 2013, and moving toward hiring more street-level supervisors after more recent urging by individual ANC 2B commissioners

WHEREAS DDOT followed up the 2009 report by conducting a 16th Street NW Safety and Mobility study completed in April 2013, which identified the best way to meet mobility and community needs as – peak-hour peak-direction transit lanes from Arkansas Avenue NW to H Street NW – and also recommended pedestrian safety improvements at several intersections,

WHEREAS the DDOT 2013 report estimated that implementing peak-hour dedicated bus lanes on 16th Street with current bus supplies would shorten transit riders' commute times by 30 percent and also increase allow buses to carry 10 percent more people (because they can be refilled quicker)

WHEREAS More study needs to be done by DDot including public outreach, and further analysis of the implementation and operation of the recommended peak-hour transit lane option;

BE IT RESOLVED that the Commission recommends the expedition of necessary studies and implementation of the outstanding recommendations in 2009 Metrobus 16th Street NW Safety & Mobility report to improve mobility, safety and transit service for 16th NW, and meet the growing demand for travel in the corridor. Specifically, the Commission recommends that DDOT and WMATA·

- 1) Expedite necessary studies, impact analyses, and modeling to assess and potentially implement the peak-period transit lanes
- 2) In the near-term, allocate new buses and higher capacity buses to the short-turn route during peak hour to reduce severe overcrowding,
- 3) Continue to hire, train, and deploy additional supervisors to improve performance;
- 4) Implement signal prioritization and recommended traffic operations improvements such as queue jumps.

5) Implement recommended pedestrian safety improvements, in consultation with the District's Pedestrian Advisory Council.

Commissioners Kishan Putta (kishan.putta@dupontcircleanc.net), Noah Smith (noah.smith@dupontcircleanc.net), and Will Stephens (will.stephens@dupontcircleanc.net) are the Commission's representatives in this matter.

ON BEHALF OF THE COMMISSION

Sincerely,
