RE: BZA#

To Whom It May Concern:

Church of Jesus Christ has renovated the Church located at 3456 Pennsylvania Avenue S.E., Washington D.C. 20020, and Lena Sears Child Development Center, located within the Church building.

The new expansion will now allow the Child Development Center to meet the current need for additional space for toddler's and infants. Parents have struggles for years to find care for this particular age group.

Previously, the space allotted for infants at Lena Sears was only large enough for (4) four infants. The current space for infants now has more than doubled, and this is the case in the other three (3) classrooms.

Lena Sears Child Development Center is requesting permission to increase the number of infants, toddlers, preschoolers and kindergartners and well as staff members according to the new square footage (7,641 sq. ft.) that it now has and meet the growing need for child care service's for families of infants and toddlers in particular (7,641 sq.ft.). Thank you, for your time and consideration.

Sincerely,

Mrs. Anora Goldring
Director
