To the Board of Zoning Adjustment:

We do not oppose the proposed addition to our neighbor's house at 5009 Weaver Terrace NW. We have seen the plans as they existed on January 12, 2014 and believe that the addition does not substantially interfere with the use of our adjacent property. If the plans are modified beyond the footprint that we have seen, we would like to reserve the right to object to any changes.

Sincerely,

  
Gregory M Cohen & Nicole G. Cohen
