Dear Mr. Nero

In regard to application of 1815 Riggs LLC
I object to allow an addition to an existing
building. This area is already too congested.
Property owner living on Riggs Place and near
by have hard time finding a place to
park. We do not need more people and
more cars in this area. Also allowing
this project will add more construction
vehicles and workers who come to park to
do the project, not to mention the added
noise pollution.

Thank you so much for your consideration.
