Chairperson, Board of Zoning Adjustment
Room 220 South, 441 4th Street NW
Washington, DC 20001**

Mr. Jordan,

Would you please support Jubilee Housing and their zoning adjustment requests?

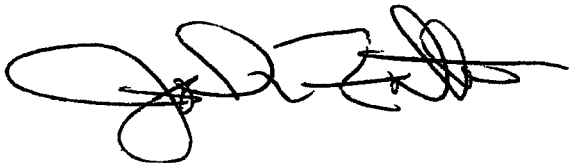

First, the Jubilee programs will enhance public safety.

Second, Jubilee Housing is a good neighbor, well deserving of community support.

My wife and I live on the same street as the Jubilee women's program; and we are not far from the men's program. All of us in Adams Morgan and anywhere in DC will be safer, if people coming out of prison or jail have a stable place to live, where they can get the services and the supervision that they need. The Jubilee programs are a far better alternative than leaving returning citizens homeless, on our streets and without the support that can keep them out of trouble.

A second reason for supporting the Jubilee request is that Jubilee Housing has proven themselves to be great neighbors in Adams Morgan. All the housing they administer is clean and attractive. Their Executive Director, Jim Knight, and the rest of the Jubilee staff take great care to make sure that their facilities are assets to the community.

Adams Morgan and all DC will benefit from the Jubilee programs. Would you please approve their requests? Thank you.
