

Case # 18759 I.S. ENTERPRISES, INC. May 20, 2014

To Whom It May Concern:

I am writing in concern of the apartment building being built on the 14 hundred and Cats St. NE Wash. D.C 20002 not being built more higher the four stories. Our housing area is small family units, and not a highrise area, parking is hard enough just in our block alone, and we would like to continue to be able to see the monument on days that are clear.

Thank You
