Shad,

This looks great - it seems like it will be a huge upgrade for the back of your house. As soon as you have a hearing date for BZA, let me know and I'll get you on the schedule for the ANC. You'd meet with the planning & zoning committee first, and then the week after the full Commission.

There's typically no need for lawyers or architects at the ANC meetings for a something simple like this (though of course they're welcome). One thing the committee typically asks for is a good faith effort on your part to get letters of support from the adjoining neighbors.

Thank you,
Tony Goodman
