Re: BZA Case No. 18770 – Request for Postponement

Dear Mr. Nero:

The above-referenced BZA Application is scheduled for public hearing on June 10, 2014. As the record reflects, we recently filed an amendment to the application to provide a fully enclosed trash room in the rear of the building.

Based on recent discussions and meetings with the Advisory Neighborhood Commission, we have determined that it is in the best interest of all parties to request a one week hearing postponement. This time will allow for full consideration of the revised plan.

If you have any questions, please give me a call.

Sincerely,

*Steve Salis*
