Dear Members of ANC 2B:

I am writing in support of Stephan Rodiger and Marissa Piropato (the "Applicant")'s BZA application 18773 to the Board of Zoning to allow the construction of a rear addition to their house located at 1528 Church Street, N.W.

The Applicant has shared the following proposed renovations:

- interior renovation and structural remediation of the original 1870s residential structure;
- restoration of the façade of the house and the porch;
- demolition of a 10-foot rear addition that is not structurally sound; and
- construction of a three-story rear addition with partially covered ground-floor parking.

I understand that the Applicant seeks relief from the BZA to undertake the proposed renovations. I support the Applicant's proposal to construct a rear addition with a carport.

Sincerely,

Noah Rudolph, Executive Vice President
