Subject: Case #18785

I am writing in support of the proposed development project by Ditto located at 1326 Florida Ave NE (Case #18785)

I am a homeowner in the neighborhood just a few houses down from the proposed development. After attending the community meeting last week and hearing about the development, I am strongly in favor. The development team including the architect and the builder were on hand to discuss their ideas and answer questions from the community. They seemed like a competent, trustworthy group that can fulfill their commitments and successfully see the project through to fruition.

The development would be a welcome addition to our neighborhood, so I hope that their request for parking variance be approved.

Thank you for your time.
