BZA #18798

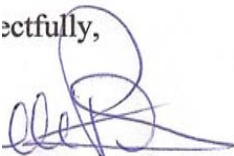

Director Bardin,

Capitol Hill Restoration Society Zoning Committee, at a meeting on June 12, considered this case. The applicant requests a special exception for an addition to existing structure.

After hearing the presentation by the applicant, the committee voted unanimously to approve the application. The committee found that the addition does not impair the privacy and use of enjoyment by neighboring properties. The committee also found that the addition does not substantially visually intrude upon the character, scale and appearance of houses along the street frontage.

For these reasons, we urge you to approve the application.

Sincerely,

M Peterson
Secretary, Capitol Hill Restoration Society
