Re: Appeal of Senior Dwelling, Case No. 18820

To the Board:

Attached are the additional documents requested at the September 23, 2014 hearing. In particular, the Board seemed interested in the sections of the “Plans for Care” providing information about the responsible party, the home environment, and the plan of care. I direct the Board’s attention to questions 9, 12, and 19.

Sincerely,

John Postulka
Assistant General Counsel
