**MEMORANDUM**

**TO:** DC Board of Zoning Adjustment

**FROM:** Sam Zimbabwe  
Associate Director 

**DATE:** September 5, 2014

**SUBJECT:** BZA Case No. 18823 – 738 Quincy Street, N.W. (Square 3130, Lot 55)

---

**APPLICATION**

Pursuant to Title 11 DCMR §§3104.1 Peggy Joyner (the Applicant) seeks a special exception from the lot occupancy requirements under §403 to allow a rear addition to a semi-detached single-family dwelling in the R-5 District at premises 738 Quincy Street, N.W. (Square 3130, Lot 55)

**RECOMMENDATION**

The District Department of Transportation (DDOT) has reviewed the Applicant's request and determined, based on the information provided, the proposal will have no adverse impacts on the travel conditions of the District's transportation network. DDOT has no objection to the approval of the requested special exception.

This review pertains only to zoning issues and does not consider potential impacts to District owned public space. DDOT's lack of objection to the zoning special exception should not be viewed as an approval of public space elements. If any portion of the project has elements in the public space requiring approval, the Applicant is required to pursue a public space permit through DDOT's permitting process. The Applicant may refer to the District of Columbia Municipal Regulations and DDOT's Design and Engineering Manual for specific controls of public space. A summary can be found in DDOT's Public Realm Design Manual.
