FROM: Sam Zimbabwe
Associate Director *[Signature]*

DATE: September 23, 2014

SUBJECT: BZA Case No. 18828 – 3 Dupont Circle, N.W. (Square 114, Lot 816)

APPLICATION

Pursuant to Title 11 DCMR §§3103.2 Bank of America, N.A.(the Applicant) seeks a variance from the FAR requirements under §§771.2 to allow an addition to an existing building in order to relocate and enclose the existing Bank of America ATMs into a secure 24-hour vestibule in the DC/C-3-C District at premises 3 Dupont Circle, N.W. (Square 114, Lot 816)

RECOMMENDATION

The District Department of Transportation (DDOT) has reviewed the Applicant's request and determined, based on the information provided, the proposal will have no adverse impacts on the travel conditions of the District's transportation network. DDOT has no objection to the approval of the requested variance.

This review pertains only to zoning issues and does not consider potential impacts to District owned public space. DDOT's lack of objection to the zoning variance should not be viewed as an approval of public space elements. If any portion of the project has elements in the public space requiring approval, the Applicant is required to pursue a public space permit through DDOT's permitting process. The Applicant may refer to the District of Columbia Municipal Regulations and DDOT's Design and Engineering Manual for specific controls of public space. A summary can be found in DDOT's Public Realm Design Manual.
