Re: BZA Application Number 18834
Support for Special Exception for 4429 Faraday Place N.W., Washington, D.C. 20016

To Whom It May Concern:

We live at 4422 Garrison Street N.W., almost directly across the alley from Mara Rudman's house at 4429 Faraday Place N.W.

Ms. Rudman has discussed with us in some detail her plans for an addition to the back of her house consisting of an extension of the basement level topped by a deck. Based on what we were told and an examination of the architectural drawings, the size of the proposed addition will not create any visual or physical obstructions for us. Moreover, the planned design seems to be compatible with the architecture of our house and others nearby.

For these reasons, we support a special exception for the proposed addition to 4429 Faraday Place N.W.

Sincerely,

Susan MacKnight
Howard L. Winslow III

LETTER OF SUPPORT for ANC and BZA

SUBJECT: Support for Special Exception for Mara Rudman/4429 Faraday
PL NW

To whom it may concern,

As residents of 4418 Garrison St NW, we live across the alleyway, behind 4429 Faraday PL NW. We support the proposed back additions to the Rudman house, located at 4429 Faraday Place NW. Per the drawings that Mara Rudman shared with us, the proposed scope is a back addition to the existing basement level and a new wood porch. The proposed design seems to respect the general architecture of the majority of the surrounding homes. And we also believe that the height and size of the proposed additions will not create any visual/physical obstructions for us.

Again, we support the proposed additions to 4429 Faraday Place NW.

Sincerely,

A handwritten signature in black ink, appearing to read "Dan Kerr". The signature is fluid and cursive, with the first name "Dan" being more prominent and the last name "Kerr" following in a similar style.
