RE: BZA Application No. 18834

August 31, 2014

Dear Mr. Nero:

We are writing to **SUPPORT** Mara Rudman's deck addition at 4429 Faraday Pl NW. Many of the rear yards on this street have expansions and decks, and they in no way **negatively impact the character of the neighborhood or the enjoyment of property by the neighbors.** Mara has shared with us the proposed scope of her planned back addition to the existing basement level and new porch. It is our view that this design will respect the architecture of the surrounding homes.

Thanks,

Alex & Kelly DeMots
4405 Faraday Pl, NW
