Dear Madam Chairwoman,

I managed to get a copy of the form from the OZ; see attached. It is not required and I know it is a lot of work for you all, but please let me know if you can take a vote at your Oct meeting. (It does look like a vote at a meeting is necessary for this form.)

On it, I am not sure what they mean by notice. I think perhaps you could let everyone know via the agenda you send out that a vote will be taken and anyone who wants to weigh in should check out the case on IZIS and bring up any issues they have at the meeting.

If you would like me to print and partially fill some info, or if there is any other way I can assist, let me know!
