J. GARRETT PRESSICK AIA, LEEDap BD+C
BELL Architects
 Architect

Mr. Pressick is an award winning District of Columbia architect and project manager. His background includes fourteen years of project management and design in commercial and government projects in the District and surrounding Capital Region. Mr. Pressick an effective LEED designer, is secretary of the AIA DC High Performance Building Committee and a long-standing member of the AIA's Committee on the Environment (COTE). He is also an involved District resident having served as Former President, North Columbia Heights Civic Association and member of the Great Streets Citizens Advisory Panel.

He has rehabbed and retrofitted his historic Columbia Heights row home into an energy efficient house with on-site renewables. Garrett's home was featured in the Metropolitan Washington, DC Tour of Solar & Green Homes.

Resident of the District of Columbia, Ward 1
