RE: BZA Case No. #18856 (1514 8th Street NW, Washington, D.C. 20001)

Dear Chairman Jordan and Members of the Board,

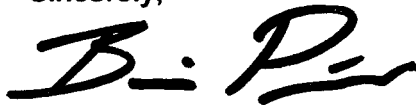

The Central Shaw Neighborhood Association (the "Association") is dedicated to maintaining a safe, clean, and beautiful neighborhood. Thank you for considering the views of our Association.

I write to formally communicate the Association's support for Lock 7's application for zoning relief at 1514 8th ST NW, Washington, D C 20001 (BZA Application #18856). This includes Lock 7's request to convert the existing halfway house to 9 residential units and provide 3 compact parking spaces.

Lock 7 has shared their plans electronically with our Association and gave members the opportunity to review and provide feedback. The Association members found no concerns with their plans. Lock 7 has already received support from ANC 6E. The Association appreciates Lock 7's willingness to work with residents and take into consideration community feedback. Pursuant to D C Code § 25-601(3)(B), the Association duly approved a resolution supporting these changes during the Association's monthly meeting held on September 15th, 2014.

The Association welcomes investment in Shaw and efforts to beautify our neighborhood. Again, the Association sincerely appreciates your consideration of our views regarding this and other matters affecting our neighborhood. Should you have any questions, please call me at 202-556-3994 or email at bpeters@gmail.com.

Sincerely,

Brian Peters
President
Central Shaw Neighborhood Association
