PO Box 26182, LeDroit Park Station  
Washington, DC 20001

November 14, 2014

LLOYD JORDAN  
CHAIRPERSON  
BOARD OF ZONING ADJUSTMENT  
GOVERNMENT OF THE DISTRICT OF COLUMBIA  
441 4TH ST NW STE 210S  
WASHINGTON DC 20001

Dear Chairperson Jordan:

Regarding BZA Application No. 18861, Application of Justin and Margaret Kitsch, 1330 5<sup>th</sup> Street, NW (Square 0480, Lot 0842):

Advisory Neighborhood Commission 6E conducted a public meeting on Thursday, November 6, 2014 at the Northwest One Library, 155 L Street, NW, to consider the above application.

At the Commission's meeting, duly noticed and with this case listed in the notice, with a quorum present (four out of seven Commissioners required to be in attendance to achieve a quorum), ANC 6E voted unanimously (6 in favor, 0 opposed, and no abstentions), to support the request for zoning relief at 1330 5<sup>th</sup> Street, NW to allow construction of a second story rear deck addition to a residential building and that said support be communicated in writing to the Board of Zoning Adjustment (BZA) of the District of Columbia.

In considering this case, and as a result of questioning of the applicant's representatives present at said meeting and a prior Zoning and Planning Committee meeting, the Commission determined the following:

- 1) The building in question is located in Single Member District 6E03.
- 2) The lot is zoned R4 and is improved with an occupied single family residence.
- 3) The Applicant proposes to add a rear second story deck.

Board of Zoning Adjustment  
District of Columbia  
CASE NO.18861  
EXHIBIT NO.32

- 4) In order for this addition to be allowed, an Area Variance under 11 DCMR §3103 from lot occupancy (§403.2) requirements is necessary.
- 5) Because of the practical difficulties presented by this property, strict application of the Zoning Regulations would prevent the proposed addition by the Applicant.
- 6) The relief requested would neither cause substantial detriment to the public good nor substantially impair the intent, purpose and integrity of the zone plan as embodied in the Zoning Regulations and Map.
- 7) The Commission supports the granting of the requested relief in order to allow the addition to this property in the manner proposed by the Applicant.
- 8) No objections to the granting of the requested zoning relief were received by the Commission before or during the Commission's meeting.

For the reasons listed above, Advisory Neighborhood Commission 6E recommends that the District of Columbia Board of Zoning Adjustment accord ANC 6E's recommendation the Great Weight provided for in the ANC statute and approve this application.

Sincerely,

Alexander M. Padro  
Chair  
ANC 6E
