I am very interested in saying a couple good words for the Planned Parenthood / 1108 16th Street project. For one, I'm quite supportive of the work of PP, and the sale of their building on 16th Street will facilitate this work. And 2nd, I'm also supportive of expanding housing in the District – especially in an area with little housing. To my best recollection the only residence in the immediate neighborhood is the apartment building on the west side of 16th between L and K Street. I went by the targeted site in the last week to remind myself of the existing PP building – a most undistinguished structure. Judging from the image of the planned re-design and expansion of the PP building, the planned structure is quite compatible with the neighborhood.

I do hope the project receives the approvals it is seeking.

Just as a footnote, I have lived in the District since 1965 and have owned a house on Church Street since 1993.
