Subject: Nando's

Dear Lee Brian.

Unfortunately, my family and I were unable to attend the Woodley Park Annual Meeting last Wednesday. We do not support the WPCA motion to oppose the Nando's application as to the 25% cap. We believe Nando's would bring more dining options for families and families with small children to the neighborhood. We support the increase in the cap and feel the cap is outdated. Please accept this email in support of increasing the cap or at the very least, allowing Nando's to open in Woodley Park.

On another note, having empty store fronts in Woodley Park does not make the community as desirable, and as you know, the Bank of America space has been empty way to long.

Thank you for voting YES for Nando's.
