

GENERAL QUALIFICATIONS

Timothy has over twenty years of experience in the profession of Architecture. During his career he has served at nearly every level of the profession and has had experience with many different project types. This experience gives him a unique perspective on the profession and a strong understanding of project management and client needs. It has allowed him to complete projects ranging in size from the simple to the complex all over the country. His focus on client service and professional service has been a cornerstone in his work.

PROJECT EXPERIENCE

During his career, Timothy has worked on a variety of project types. He has completed numerous single and multi-family projects as well as a variety of commercial and retail projects.

Timothy is extremely proud of his long-term relationship with CVS/pharmacy. He has been working with CVS for over 12 years, and LDG has grown to become a Regional Architect for the national retailer under his guidance. LDG provides design services for CVS all over the country, performing anything from small design fixes to renovations and new store design. Timothy's unique approach to the design team structure and client service has allowed LDG to continue to grow and meet the demanding needs of this client.
