Re: BZA No.18890; *Request for Postponement of January 6, 2015 Public Hearing on Application for Variance and Special Exception Relief for 646-654 H Street, N.E.*

Dear Mr. Jordan and Members of the Board:

Rock Creek-650 H LLC (the "Applicant") submits this request for a postponement of the January 6th hearing date in order to allow more time to address concerns raised by ANC 6C. Staff advises that the BZA may be able to reschedule the hearing to February 10th, available time on that agenda permitting. We would greatly appreciate rescheduling to February 10th or an alternative date as soon as the BZA calendar permits.

Thank you in advance for your consideration of this request.

Sincerely,

Cynthia A. Giordano
