LLOYD JORDAN
CHAIRPERSON
BOARD OF ZONING ADJUSTMENT
GOVERNMENT OF THE DISTRICT OF COLUMBIA
441 4TH ST NW STE 210S
WASHINGTON DC 20001

Dear Chairperson Jordan:

Regarding BZA Application No. 18893, Application of Ridge Lofts, LLC, 448 Ridge Street, NW (Square 513, Lots 825, 826, 827, and 828):

Advisory Neighborhood Commission 6E conducted a public meeting on Tuesday, October 7, 2014 at the Northwest One Library, 155 L Street, NW, to consider the above application.

At the Commission's meeting, duly noticed and with this case listed in the notice, with a quorum present (four out of seven Commissioners required to be in attendance to achieve a quorum), ANC 6E voted (4 in favor, 2 opposed, and no abstentions), to oppose the request for zoning relief at 448 Ridge Street, NW to allow construction of four two-unit flats on four lots and that said opposition be communicated in writing to the Board of Zoning Adjustment (BZA) of the District of Columbia.

In considering this case, and as a result of questioning of the applicant's representatives present at said meeting and a prior Zoning and Planning Committee meeting, the Commission determined the following:

- 1) The lots in question are located in Single Member District 6E04 and are located in the Shaw Historic District.
- 2) The four lots are zoned R4 and are vacant.
- 3) The Applicant proposes to construct four two-unit flats on the four lots, for a total of eight units.

EXHIBIT NO.28

- 4) The lots have no alley access. As the lots are located in a historic district, curb cuts will not be approved by the DC Historic Preservation Office and DC Historic Preservation Review Board. It is therefore impossible for the lots to be developed if the parking requirement is not waived.
- 5) In order for this development to take place, an Area Variance under 11 DCMR §3103 from parking requirements (§ 2101.1) is necessary.
- 6) The ANC 6E Zoning and Planning Committee met and recommended that the Commission support the granting of the parking relief, noting their strenuous opposition to curb cuts at the location in question.
- 7) The Commission opposes the granting of the requested relief.

For the reasons listed above, Advisory Neighborhood Commission 6E recommends that the District of Columbia Board of Zoning Adjustment accord ANC 6E's recommendation the Great Weight provided for in the ANC statute and deny this application.

Sincerely,
