Dear Julian & Lucrecia,

I'm glad to hear you are thinking of adding to your house, especially after your neighbor cut off your Southern view.

Anne and I have reviewed your plans and we understand and support your expansion plans. And we take no issue with renting any portion of your property as is common in our neighborhood.

As you know, Bob has been a neighbor and was a shopper at the old "swann store" before you bought and made it your residence. Your architectural and historic sensibility are a gift to us as your neighbors. So, don't hesitate to call on us for any support.

Your Neighbor and friends,

Bob Wollam and Anne Montgomery
