Re: Parking in Shaw Main Street District

Dear Andrea,

We are writing this letter to inform you about the Valet parking demand and capacity on and around 9th Street, NW, in the Shaw Main Street District. USP Currently operates valet parking for Curduroy Restaurant on 9th St. NW. The demand for valet parking there on average is 8-10 cars per night. There is also Long View gallery that periodically requires valet parking averaging 15-20 cars per event. For valet operations for these 9th Street establishments, USP utilizes garages located at Cambria Suite Hotel and at CityCenterDC. Cambria Suite Hotel is located at 899 O St. NW, and has capacity for 80 parking spaces. CityCenterDC is located at 870 9th St. NW, and has capacity for 1,500 parking spaces.

Please let us know if we can be of further assistance.

Sincerely,

Ben Tesfaye
Director of Operations
