LLOYD JORDAN
CHAIRPERSON
BOARD OF ZONING ADJUSTMENT
GOVERNMENT OF THE DISTRICT OF COLUMBIA
441 4TH ST NW STE 210S
WASHINGTON DC 20001

Dear Chairperson Jordan:

Regarding BZA Application No. 18907, Application of David Ruddy and Bondurant Ely, 1811 Wiltberger Street, NW (Square 0441, Lot 0087):

Advisory Neighborhood Commission 6E conducted a public meeting on Thursday, November 6, 2014 at the Northwest One Library, 155 L Street, NW, to consider the above application.

At the Commission's meeting, duly noticed and with this case listed in the notice, with a quorum present (four out of seven Commissioners required to be in attendance to achieve a quorum), ANC 6E voted unanimously (6 in favor, 0 opposed, and no abstentions), to support the request for zoning relief to allow construction of a third story addition to an existing single family residence at 1811 Wiltberger Street, NW and that said support be communicated in writing to the Board of Zoning Adjustment (BZA) of the District of Columbia.

In considering this case, and as a result of questioning of the applicant's representatives present at said meeting and a prior Zoning and Planning Committee meeting, the Commission determined the following:

- 1) The building in question is located in Single Member District 6E02.
- 2) The site is zoned R4 and is improved with a two-story residential building.
- 3) The Applicant proposes to construct a one story vertical addition to the existing two-story building.

EXHIBIT NO.30

...2

- 4) The existing 19th Century building occupies 90.6% of the lot where 60% is allowed, and is therefore an existing nonconforming condition.
- 5) In order for this new addition to be allowed, an Area Variance under 11 DCMR §3103.2 is required from lot occupancy (§403.2).
- 6) Because of the exceptional conditions and practical difficulties presented by this property, strict application of the Zoning Regulations would prevent the proposed addition.
- 7) The relief requested would neither cause substantial detriment to the public good nor substantially impair the intent, purpose and integrity of the zone plan as embodied in the Zoning Regulations and Map.
- 8) The ANC 6E Zoning and Planning Committee met with the Applicant and recommended that the Commission support the application.
- 9) The Commission supports the granting of the requested relief in order to allow the expansion of this residence in the manner proposed by the Applicant.
- 10) No objections to the granting of the requested zoning relief were received by the Commission before or during the Commission's meeting.

For the reasons listed above, Advisory Neighborhood Commission 6E recommends that the District of Columbia Board of Zoning Adjustment accord ANC 6E's recommendation the Great Weight provided for in the ANC statute and approve this application.

Sincerely,
