RE: Variance Requests for 2719 Ontario Road, NW

Dear ANC 1C member,

Our neighbor Lilia Browning and Matt Cohen have shared with us their plans to enclose their first floor porch and 2nd Floor roof deck. We understand they would also like to expand their living space on the 3rd floor by adding an addition to line up with the new 2nd and 1st floor addition. We understand they would like to put a deck on top of the current 3rd floor roof. We have no objections to these plans and support their request for the needed variances.

Sincerely,

Richard Chen
2721 Ontario Rd. NW
Washington, DC 20009
