MEMORANDUM

TO: District of Columbia Board of Zoning Adjustment

FROM: Sam Zimbabwe
Associate Director *[Signature]*

DATE: January 21, 2015

SUBJECT: BZA Case No. 18928 – 115 V Street, N.W. (Square 5021, Lot 8)

APPLICATION

Pursuant to 11 DCMR §§3104.1 Jaime Zaldivar, the Applicant, seeks a special exception under §223 to allow the construction of a third-story rear addition to a 2-family flat in the R-4 District at premises 115 V Street, N.W. (Square 5021, Lot 8)

RECOMMENDATION

The District Department of Transportation (DDOT) has reviewed the Applicant's request and determined, based on the information provided, the proposal will have no adverse impacts on the travel conditions of the District's transportation network. DDOT has no objection to the approval of the requested special exception.

This review pertains only to zoning issues and does not consider potential impacts to District owned public space. DDOT's lack of objection to the zoning special exception should not be viewed as an approval of public space elements. All projections in public space, such as the proposed stairs, require public space permits. For the portions of the project in public space the Applicant is required to pursue a public space permit through DDOT's permitting process. The Applicant may refer to the District of Columbia Municipal Regulations and DDOT's Design and Engineering Manual for specific controls of public space. A summary can be found in DDOT's Public Realm Design Manual.
