FROM: Sam Zimbabwe 
Associate Director

DATE: September 25, 2015

SUBJECT: BZA Case No. 18929-A – 2607 Military Road, N.W. (Square 2308, Lots 804-807)

APPLICATION

Pursuant to 11 DCMR §§3104.1 Saint John's College High School (the "Applicant") seeks a special exception from the private school use requirements pursuant to §206, to renovate and expand the gymnasium area in an academic building in the R-1-A District at premises 2607 Military Road, N.W. (Square 2308, Lots 804-807) The proposed renovation work and building addition will not increase student or staff levels and no changes are proposed to existing parking or loading facilities

RECOMMENDATION

The District Department of Transportation (DDOT) has reviewed the Applicants' request and determined, based on the information provided, the proposal will have no adverse impacts on the travel conditions of the District's transportation network. DDOT has no objection to the approval of the requested special exception.

DDOT's lack of objection to the zoning special exception should not be viewed as an approval of public space elements. If any portion of the project has elements in the public space requiring approval, the Applicant is required to pursue a public space permit through DDOT's permitting process. The Applicant may refer to the District of Columbia Municipal Regulations and DDOT's Design and Engineering Manual for specific controls of public space. A summary can be found in DDOT's Public Realm Design Manual.
