Dear Director Bardin

The Capitol Hill Restoration Society Zoning Committee at a meeting held on February 12, considered the above cases. The committee voted unanimously to support the applications. The committee found that the additions will not unduly affect the light and air nor privacy of use and enjoyment of neighboring properties. The committee also found that these additions do not substantially visually intrude upon the character, scale and pattern of houses along the street frontage.

For these reason, we urge the Board to approve the applications.

Respectfully,

Gary M. Peterson, Chair
Capitol Hill Restoration Society
Zoning Committee
