Dear Chairperson Jordan and members of the BZA Committee:

As neighbors and fellow homeowners, this letter expresses support of homeowners Gunnar and Jennifer Gode's proposed addition to their residence at 1020 F Street NE.

Specifically, we endorse their plan to follow their home's current footprint up another level to match the existing brick on front, build a nicer new deck on the back of the home and make improvements to their parking space.

Sincerely,

Justin & Amy Rzepka
