Dear Members of the BZA Committee:

We are direct neighbors of homeowners, Gunnar and Jennifer Gode residing at 1020 F Street. We understand the Godes have plans to place an upper level addition to their home, following the existing footprint. We are supportive of their proposal to add an upper level to their home and repair/ remodel their deck to improve its overall condition and proposal to extend the length to conform with all other decks on the alley location.

Sincerely,

Ronald and Teresa Thompson
