

U.S. Office Solutions
Business Redefined

12/15/2014

To whom it may concern,

As per the request of our neighbor, Bright Future Early Learning Center, LLC we have given them the permission to use three of our parking space which is located in our private parking space.

As a curtsy to our neighbor, SKY, LLC (U.S Office Solutions) has allowed Bright Future Early Learning Center, LLC to utilize our privately parking space from Monday to Saturday each week. During this period our establishment has limited use for the parking space. Therefore, the company has given its authorization for Bright Future Early Learning Center, LLC to utilize the spaces. Please feel free to contact me if you have any questions in-regards to this matter.
