

STATEMENT OF INTENDED USE

Crumbs and Whiskers LLC would like to establish an animal boarding use for cats only at 3211 O St NW Washington, DC 20007. Specifically, the concept is a "cat cafe" - a space where visitors can enjoy tea/coffee/cupcakes in the company of the establishment's resident cats. The establishment is looking to house cats (provided by the Washington Humane Society) and will not prepare any food on-site. All food will be prepared off-site and offered as complimentary - visitors will pay an hourly fee to spend time in the space. No other animals except cats will be housed.

Cat cafes are increasingly popular in the United States with similar establishments in New York City, Oakland, Denver, San Diego, and Seattle. Crumbs & Whiskers is the first cat cafe in Washington DC, and the city is highly anticipating the establishment.

3211 O St NW Washington, DC 20007 is currently vacant - the previous use of the space was retail use for candles, books, and general merchandise.
