Testimony of Beau Archer, Director of Strategic Operations, Washington Humane Society

In support of Case 18954, Application of Crumbs & Whiskers; Establish an animal boarding use for cats in the C-2-A at 3211 O St. NW

Tuesday, March 24, 2015

To whom it concerns:

My name is Beau Archer, I work for the Washington Humane Society and would like to speak in regards to my support for Case 18954, concerning establishing an animal boarding use for cats in the C-2-A at 3211 O St. NW. I support this endeavor because it will not only help save lives of cats in the District of Columbia, but it will also bring a new and exciting feature to that vibrant neighborhood and community. Crumbs & Whiskers will help attract families looking for a pet to adopt within the community, thereby supporting the Washington Humane Society's efforts to eliminate euthanasia of treatable animals.

The planning and provisions that Ms. Kanchan Singh has provided in preparation for this enterprise have gone above and beyond animal boarding requirements. All boarding requirements would be met such as ensuring that practices to abate noise, odor, and sanitation are adopted. Ms. Kanchan Singh has enhanced the project to include specific measures for how those practices will be managed regularly and if unusual circumstances arise.

Establishing Crumbs & Whiskers at 3211 O St. NW will have a positive impact to the community and support the endeavor to promote adoption and reduce euthanasia. I urge you to support this enterprise.

Thank you for your time and consideration.

Sincerely,

Beau Archer
