Michael and Patrick

We appreciate you sharing your plans to renovate the rear of your property, which includes removing the existing addition and building a new one with a kitchen, screened porch and upstairs bedroom. We want to let you know that the addition looks great.

Although, we share a common property line, we do not have a problem with the renovation, since it will add value to your property and those nearby.

If we can be of any further assistance, please do not hesitate to contact us.

Sincerely,

Keith & Juanita Jackson
