

December 10, 2014

Dear Michael and Patrick,

As the ANC commissioner-elect for 4c10 I appreciate you sharing the proposed plans to rebuild the existing rear addition of your home. It is clear from the current state of the addition a complete overhaul is necessary. The proposed design looks wonderful and will be a significant improvement.

As I understand it, you will be seeking a variance from BZE because the new addition will be wider than the current one. In this case the potential impact on your neighbors is an important consideration, but since have letters of support from both adjoining neighbors, this alleviates any concerns I would have. With that being said, since the proposed rebuild and design is necessary, reasonable, and supported by your neighbors, I am in full support and happy to help as you move forward with this process.

Good luck and please let me know if you need additional assistance.

Sincerely,

Kathleen M. Crowley
ANC Commissioner-Elect, 4c10
