MEMORANDUM

TO: District of Columbia Board of Zoning Adjustment

FROM: Sam Zimbabwe 
Associate Director

DATE: March 27, 2015

SUBJECT: BZA Case No. 18960 - 2807 Sherman Avenue, N.W. (Square 2886, Lot 337)

APPLICATION

Pursuant to 11 DCMR §§3104.1 Mark and Matthew Medvene (the "Applicant") seek a special exception under §223 from the lot occupancy (§403), side yard (§405), court width (§406) and nonconforming structure (§§2001.3) requirements to allow the construction of a third-story addition to an existing flat in the R-4 District at premises 2807 Sherman Avenue, N.W. (Square 2886, Lot 337)

RECOMMENDATION

The District Department of Transportation (DDOT) has reviewed the Applicants' request and determined, based on the information provided, the proposal will have no adverse impacts on the travel conditions of the District's transportation network. DDOT has no objection to the approval of the requested special exception.

DDOT's lack of objection to the zoning special exception should not be viewed as an approval of public space elements. For the portions of the project with elements in the public space requiring approval including the proposed bay window and step projections, the Applicant is required to pursue a public space permit through DDOT's permitting process. The Applicant may refer to the District of Columbia Municipal Regulations and DDOT's Design and Engineering Manual for specific controls of public space. A summary can be found in DDOT's Public Realm Design Manual.
