EXHIBIT NO.27

Description

Keep your trashcan hidden from sight but still easy to access with the **Bearicuda Aspen Trash Enclosure**. Beautifully designed with a painted exterior with decorative vertical groves, this trash can enclosure creates a beautiful area in your yard. Crafted from strong and durable smart panel plywood sheet siding that's been treated with zinc borate, this enclosure stops bugs, insects, mold, rot, and fungal decay. It's also termite and moisture resistant. This enclosure features an all wood bottom and a weather-proof PVC lid which opens for ease of use. Inside the enclosure is a solid, smooth veneer without any knots or splinters. The panels feature resin impregnated paper which gives this trash enclosure its beautiful wood grain texture. The 4 x 4 pressure treated wooden pallet is designed to support underneath floor areas. Arriving at your home fully assembled, this enclosure also comes in your choice of size.

- Pallet supports underneath floor areas
- Delivered fully assembled

About Bearicuda, Inc.

Founded by Kevin Lacilla, Bearicuda, Inc. was part of a 20+ year-old company that helped other businesses solve spill control challenges in industrial workplaces and environments. The company originally started in 1986 and spun off their Bear Proof Container line in 2007. Much hard work and many long hours later Bearicuda was establishing a more diverse product line and listening to consumer demands for a full line of bear proof garbage cans and high-quality garbage can enclosures. The Bearicuda name was quickly known in the industry for its high-quality products, affordable prices, and exceptional service.
