Dear Board of Zoning Adjustment:

The existing structure is being used as a Worship Building with the Worship Hall presently on the ground floor. We intend to maintain this use but we propose to move the Worship Hall to a new second floor addition. We also propose to turn the space now occupied by the Worship Hall on the ground floor into a new Dining Hall and a new Residential Kitchen.

Followers who attend ceremonies in the new Worship Hall on the new second floor will go downstairs after ceremonies are completed to have meals in the new Dining Hall. Therefore in this proposed renovation project there is no increase in the number of people using the structure and parking requirements do not need to be increased.
