Chairperson, Board of Zoning Adjustment
441 4th Street NW, Suite 200S
Washington, DC 20001

Letter of Opposition to the Zoning Exception-case 18967

The Buddhist Temple is proposing to add another floor to their existing structure but there is not apparent planning for parking their vehicles during their meetings. In the past they have blocked neighbors garages and driveways and been rude about moving their vehicles when asked not to park there. I support the concerns of my neighbors such as Lenore Sek in opposing this zoning exception until such parking plans are published and an understanding of the rights of neighbors to access their garages and driveways in a public alley. THANK YOU.
