MEMORANDUM

TO: District of Columbia Board of Zoning Adjustment

FROM: Sam Zimbabwe
Associate Director 

DATE: April 3, 2015

SUBJECT: BZA Case No. 18968 - 1413 Q Street, N.W. (Square 208, Lot 2)

APPLICATION

Pursuant to 11 DCMR §§3104.1 Mohammed Khaishgi (the "Applicant") seeks variances from the lot occupancy (§§403.2), side yard (§§405.9) and non-conforming structure provisions (§§2001.3) to construct an addition to the third story of an existing one-family dwelling in the R-5-B District at premises 1413 Q Street, N.W. (Square 208, Lot 2)

RECOMMENDATION

The District Department of Transportation (DDOT) has reviewed the Applicant's request and determined, based on the information provided, the proposal will have no adverse impacts on the travel conditions of the District's transportation network. DDOT has no objection to the approval of the requested variances.

This review pertains only to zoning issues and does not consider potential impacts to District owned public space. DDOT's lack of objection to the zoning variances should not be viewed as an approval of public space elements. If any portion of the project has elements in the public space requiring approval, the Applicant is required to pursue a public space permit through DDOT's permitting process. The Applicant may refer to the District of Columbia Municipal Regulations and DDOT's Design and Engineering Manual for specific controls of public space. A summary can be found in DDOT's Public Realm Design Manual.
