2. I wrote letters notifying all of the owners within 200 ft of the property line and all owners on the entire block on which 3536 is located. The letters were mailed by USPS on January 14, 2015. The letter included the purpose of the request and photos of the 2nd floor space. I enclosed a self-addressed return envelope for comments and/or questions.

I pledge to contact other civic groups and the Office of Planning about my application. I pledge to submit a statement of the efforts made to contact the ANC, property owners civic groups and the Office of Planning and the results no less than 14 days before the scheduled public hearing/meeting.
