To Whom It May Concern:

We are writing to express our support for the house renovation plans of Nick and Becca Nowak, who reside next door to us at 317 9th St SE.

We have met with the Nowaks concerning the renovation concept and have reviewed in detail the architectural plans they provided to us. We believe that the design of the extension to the house is in keeping with the design of the original structure and is also an attractive and appropriately sized addition.

Thank you for giving their application every possible favorable consideration.

Sincerely,

John E. McGaw & Frank J. Pietrucha
