Re: Hearing on April 7, 2015 on Application No. 18972

Dear Chairperson Jordan,

The Commission respectfully requests that as a result of the ANC 7F March meeting on March 17, 2015, and as the ANC 7F Commission Chair, we are requesting that the hearing re: the Meadow Green Project, Application No. 18972, scheduled for April 7, 2015 be postponed until after our next monthly ANC 7F meeting on April 21, 2015.

This would give the citizens time to weigh in on the proposed project timely as well as this Commission. The constituents of this community not only need time to weigh in the safety and cultural concerns that would and could affect the community as a result of the proposed project, but their concerns need to be addressed and be given an opportunity to discuss the repercussions of this proposed venture in its full scope.

The Commission has not, and needs time to vote on this important matter at its next meeting on April 21, 2015 so that the Commission would have time to weigh in on the reports which have not been released to the Commission.

Therefore as the Chair of the Commission am requesting a hearing delay or an extension of time there to respond to this application before this project moves forward in fairness to the community and the stakeholders.

Thank you.

Sincerely,

Sheila CarsonCarr
