

GUILLERMO RUEDA, AIA

District of Columbia, Registered Architect 1991

Mr. Rueda brings almost thirty years of experience in the designing and managing of architectural projects and is currently an Associate at MV+A Architects. A key project manager with Whole Foods Market, one of MV+A's major clients, his role is in steering MV+A's design work with Whole Foods as this relationship expands into other regions. His technical and design expertise with this project type is invaluable in integrating Whole Foods Markets into larger mixed-use developments.

A graduate of Carnegie Mellon, he established in 1997 and served as managing principal at Singletary Rueda Architects in DuPont Circle specializing in commercial, institutional and residential projects primarily in District of Columbia.
