Support for Carrie and Phong Trieu's Building Project at

5236 Sherier Place NW, Washington, DC 20016

We have been residents of the Palisades for more than 40 years and neighbors of Carrie and Phong for most of those years. They have shown us the plans for the new construction and explained its main features.

Briefly, the plans call for the removal of an existing building and replacing it with a somewhat larger structure. The existing building is very old and is in poor condition.

We are convinced that the new structure will be an asset to the neighborhood. The existing building is at or near the leftmost rear corner of the lot on which it stands, making it especially visible to the immediate neighbors on either side. Also, it is seen daily by many people from the neighborhood who use the old Glen Echo trolley right-of-way, which has been re-purposed specifically to provide access to and from Palisades Recreation Center or just as a place to stroll or walk dogs. The new structure will be far more attractive to all these people, and will in no way interfere or obstruct views in any direction.

For the reasons outlined above, we support without reservation approval of the zoning application, including approval of any necessary variances.

To whom it may concern:

My name is Teresa Saaveda residing at 5232 Sherier Place, NW, Washington DC. I am a neighbor of Phong and Carrie Trieu who are planning to replace the shed behind their house.

I have met with the Trieus and with their architect, Michael Finn. I have seen the plans for the new shed and think it is a great idea to replace the existing shed. I think that this new shed is right in line with the neighborhood architecture and will be a beautiful improvement. I certainly hope that this project will be approved.

Sincerely

Teresa Saavedra
