Application Summary
Case No. 18984

Updated Architectural Drawings

Dear Chairman and Members of the Board,

Please accept submission of our updated architectural drawings. This update is very much in congruence with the original submitted plans and does not require any additional zoning relief request.

Notice of this update was sent to the ANC 6E and OP on April 10, 2015.

Sincerely,

A handwritten signature in black ink, consisting of a large, stylized 'F' followed by a series of loops and a trailing line.

Frederik Rubens
